COLTIVAZIONE

Arca Coltivazione è la linea di prodotti che da sempre segue l'evoluzione della coltivazione professionale per soddisfare le esigenze tecniche del settore, attraverso proposte estetiche e funzionali come la selezione di fondi diversificati in base al tipo di coltura.

Leader da oltre cinquant'anni nei vasi da coltivazione, siamo unici produttori in Italia di vasi termoformati e personalizzati.

Con i prodotti Arca Coltivazione è possibile accompagnare le esigenze colturali di ogni pianta in tutte le fasi della sua crescita.

Arca Coltivazione is a range of products that has always reflected the developments in the world of professional cultivation. Designed to meet the technical requirements of that sector, it includes attractive and functional proposals like the selection of seedling trays to suit different types of crops. Leader for over fifty years in the field of nursery plant pots, we're the only manufacturers in Italy to produce thermoformed and customized planters.

Arca Coltivazione products allow you to care for each plant throughout all phases of its growth.
