

Grazie alla forma e alla scelta di colori delicati, il Similcotto regala una nota di calore all'ambiente. Non presenta segni di invecchiamento anche dopo diversi anni di esposizione ed è idoneo per arredo interno ed esterno.

Similcotto imitation terracotta products provide a touch of warmth to the environment thanks to their shape and selection of delicate colours. They will show no sign of ageing even after many years of exposure and are ideal for both indoor and outdoor use.
